

MFIC Meeting July 26th, 2010, 5:30 PM

The meeting was attended by Karin Blake, Dave Chipman, Jennifer Ver Planck, Jim Hayes. Judith Redwine, Carol Tukey and Mark Eyerman

Previous meetings were with SB on July 15th, 2010, see Carol's summary, and a workshop with the SB on July 20th, 2010.

Minutes were not reviewed as we are behind. Every effort will be made to catch us up.

Credit was given to MFIC for opening the Field and waterfront to all. Two events--Harpwell Festival and Harpswell Boat races used the causeway and waterfront--a sight to be seen.

Discussion and decision made to meet with Jim Henderson to propose the SB creating and changing the ordinances as needed rather than have the committee go back and forth with proposals for changes--too time consuming.

Committee will organize itself around and work on performance standards only, vote taken and passed.

Next meetings are full committee on August 2nd and 16th, usual time.

Meeting adjourned at 7:20 PM

Submitted by Judith Redwine, approved by Committee
